

HALUK KORKMAZ

I started my career as a scout and later continued as an assistant coach, working with many experienced Turkish and international head coaches. I have also served as an assistant coach for senior national teams, including the Bulgarian Women's National Team (2018) and the Ukrainian Women's National Team (2023). During this period, I contributed to several European Cup championships and finals appearances at both club and national levels.

Most recently, I worked as the Head Coach of Nilüfer Belediyespor in the Turkish Sultans League, and I am currently serving as the Head Coach of the Absheron Women's Volleyball Team in the Azerbaijan Super League for the 2025-2026 season
